

MSA PPE V-Gard System

Compatible **Head, Eye,
Face, and Hearing
Protection**

WE KNOW WHAT'S AT STAKE.

Please ask for the detailed leaflet on all options and accessories.

1 V-Gard® Helmets

- MSA V-Gard worldwide is the most popular helmet (over 120 million sold worldwide)
- Textile suspensions: one hand operates, either Fas-Trac ratchet or Push-Key slide
- 7 shell colour options
- Ventilated models and rain gutter available
- Extended peak for greater visibility and extra protection from sun and rain
- Glaregard® textured underside of peak
- Earmuff and visor attachment slots
- Custom printing & decaling available
- Certified to AS/NZS 1801 - Type 1

2 Optional Push-Key-Suspension for any MSA V-Gard®

• EASE OF USE:

- This is the fastest sliding suspension on the market: simple push to loosen, squeeze to tighten
- Can be adjusted with one hand even when on the head

• SURE FITTING:

- It offers greater retention capacity than competitive sliding suspensions because of the fit to the head

• ADJUSTABILITY:

- 2 levels of nape adjustment for fitting comfort
- Designed to avoid interference with other PPE such as ear muffs

• SWEATBAND COMFORT:

- Sweat-wicking replaceable foam gives the user our 'coolest yet' V-Gard experience

3 V-Gard® Visors and Frames

MSA PATENT

- Unique 3-point visor loading to fit and remove visors quickly
- Sloped design allows material to easily slide off the frame
- Works with or without ear muffs
- 20 visor versions to suit all applications
- Reliably protect against impact, chemical splash, high-temperatures, shortcircuit electric arc, UltraViolet and InfraRed
- Optional: debris control to create a tight seal and chin guards
- Browguard V-Gard Headgear uses same visor range

4 V-Gard® Helmet Attached Hearing Protection

- Superior Performance - Offers the highest attenuation for a cap-mounted earmuff on the market.
- Enhanced Comfort and Fit - Improved sealing ring and adapters optimize pressure on the ears for all-day comfort.
- Aligns to the ANZ market: Red, Yellow, and Green on the backplate to easily identify level of attenuation.

5 Chinstraps

- 4 point chinstrap
- Elastic or textile 'zebra' bands
- Easy to attach and remove from the shell with plastic hooks

New engineered LAMP BRACKET
Exclusive design for Australia/
New Zealand market

6 Lamp Brackets

- Metal Lamp and Plastic Lamp Brackets are custom mounted whilst in production
- Both meet the correct lamp positioning trajectory and minimises any 'eye blinding incidents'

7 Reflective Stickers

- Silver reflective available to increase night visibility

8 Eye Protection

- Wide range of MSA spectacles and goggles

9 Customisation

- Durable pad printing in any colour quantity on all four sides of the helmet
- Stickers also available for personalization

10 Neck Capes

- Washable neck capes

11 Winter Liners

- 2 models with different performance levels: warmth, flame, water, arc; earmuff compatibility
- ANZ standards: approved for use with MSA Caps and Hats

Applications

1 V-Gard™ 500 Protective Caps

The V-Gard™ 500 is a premium industrial helmet offering class leading protection in a light weight, comfortable and stylish design that works as hard as you do.
With our patented Fas-Trac III or Push Key suspension, all day comfort and safety is assured.

- Classification :** Type 1
- Applications :** General Purpose
- Material :** ABS
- Features :**
- 6 point woven polyester textile suspensions provide height and length adjustment.
 - Glaregard® textured underside of peak greatly reduces glare and associated eye strain.
 - Extra large cooling vents provide heat extraction for added comfort.
 - Rain gutter for wet conditions.
 - Earmuff and visor attachment slots allow compatibility with accessory range.
 - Replaceable sweatband available
 - Vented or Non-Vented styles available
 - Miners caps fitted with cap lamp bracket and cable clip. Standard available stocks are fitted with metal lamp brackets. High quality plastic brackets are available as a made to order.
- Customisation :** Custom printing and decaling available.
- Standards :** Certified to AS/NZS 1801 - Type 1.

MSA - The Safety Company

Established in 1914, MSA Safety Incorporated is the global leader in the development, manufacture and supply of safety products that protect people and facility infrastructures. Many MSA products integrate a combination of electronics, mechanical systems and advanced materials to protect users against hazardous or life-threatening situations. The company's comprehensive product line is used by workers around the world in a broad range of markets, including the oil, gas and petrochemical industry, the fire service, the construction industry, mining and the military. MSA's core products include self-contained breathing apparatus, fixed gas and flame detection systems, portable gas detection instruments, industrial head protection products, fire and rescue helmets, and fall protection devices.

As MSA Australia's policy is one of continuous product improvement, changes to specifications and prices can be made without notification.
