Description

The 3M™ Easy Scrub Express Flat Mop System is a set of cleaning tools designed to make floor cleaning and disinfecting faster and easier. The system features a lightweight handle with liquid-on-demand dispensing. The interchangeable bottles allow for quick changes between different cleaning products.

Special Features

- Solution filled bottles dispense liquid as needed.
- Bottles of different cleaners can be quickly changed for a variety of cleaning tasks.
- Adjustable handle length
- The bottle diameter is designed as an ergonomically friendly "power grip" size.
- Lightweight anodized tool is durable and corrosion resistant.
- Swivel head for easy maneuvering and effective baseboard cleaning
- 16 in.-wide mop holder provided with the tool.
  - 10 in.- and 22 in.-wide mop heads are available separately.
- Solid vinyl grips are easy to clean and disinfect.
- The bottle is slightly opaque and the liquid is visible through the bottle.
- Closed system helps prevent contamination of solution.

Product Specifications

- **Handle Length:** Adjustable from 38 to 59.5 in. (96.5 cm to 151.1 cm)
- **Mop Holder Dimensions:** 4.25 in. by 16 in. (10.8 cm by 40.6 cm)
- **Easy Scrub Flat Mop Tool Weight:**
  - **Empty:** 31 oz (878 g)
  - **Filled:** 44 oz (1.25 kg)

Packaging

- Express Flat Mop Tool: 1/box
- Bottle caddy: 6/case
- Bottles: 12/bag, 6 bags/case
- Mops: 10/bag, 4 bags/case

General Use Directions

Preparation

1. To attach the mop holder to the handle:
   a. Depress the spring-loaded metal buttons on the mop holder.
   b. Slip the bottom end of the handle over the top portion of the mop holder.
   c. Loosen the black nut and adjust the handle to a desired height.
   d. Re-tighten the black nut to maintain height.
   e. Insert the small neck end of the bottle holder into the top end of the handle until it snaps into place.

NOTE

The tool is compatible with general cleaners or disinfectant cleaners with a pH between 7 and 10.

2. Fill the 3M™ Easy Scrub Express bottles directly from the 3M™ Twist 'n Fill™ Dispenser or 3M™ Flow Control System.
3. Replace the caps and covers on the 3M™ Easy Scrub Express bottles.
4. Place the filled bottles in the bottle caddy.
5. Place filled caddy on cart.
6. Load a cleaning cart with the 3M™ Easy Scrub Express Flat Mop; several clean, dry Easy Scrub Flat Mop heads; and the filled bottle caddy.
7. To insert a bottle into the top of the 3M™ Easy Scrub Express Flat Mop, remove the cover from the bottle's cap and slide the bottle into the holder (cap side down) until it snaps into place.

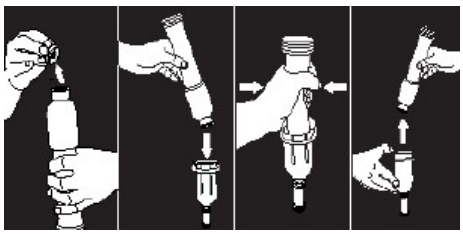

Figure 1. Bottle Management

8. To remove the bottle from the tool, pull the latch away from the bottle and pull the bottle up and out of the holder.

NOTE

For safety of personnel, do NOT use the 3M™ Easy Scrub Express Flat mop to clean vertical surfaces like walls and ceilings.

Cleaning

1. Place a clean Easy Scrub Flat Mop face down on the floor.
2. Position the mop holder over the mop and push the holder down to attach it to the mop.
3. Squeeze the bottle to dispense a small puddle of solution out the clear hose at the base of the handle.
4. Push the flat mop through the dispensed solution to thoroughly moisten the mop.
5. Clean the floor using a sanitary cleaning pattern such as a figure-eight or S-stroke.
6. Apply additional liquid as needed.

NOTE

When disinfecting, dispense enough liquid to comply with the manufacturer's recommended dwell time.

Tool Maintenance After Cleaning

1. Remove the dirty mop head from holder and bag for laundering.
2. Load a clean mop and refill or change the bottle if necessary.
3. Change the mop head after each room or in accordance with the facility's policies.
4. At the end of the shift:
   a. Remove the bottle from the tool.
   b. Run water through the tool to flush it clean.
   c. Wipe the outside of the handle with disinfectant.
   d. Allow the tool to air dry.

Health and Safety

Chemicals

When handling any chemical products, read the manufacturers' container labels and the Safety Data Sheets (SDS) for important health, safety, and environmental information.

Follow this link to obtain SDS sheets for 3M products.

Follow this link to obtain information about substances of very high concern (SVHC) for EU products.

Tools and Equipment Usage

When using any equipment, always follow the manufacturer's instructions for safe operation.

Warranty Information

Technical Information

Technical information, guidance, and other statements provided by 3M are based upon records, tests, or experience that 3M believes to be reliable, but the accuracy, completeness, and representative nature of such information is not guaranteed. Such information is intended for people with knowledge and technical skills sufficient to assess and apply their own informed judgment to the information. No license to any intellectual property rights is granted or implied with respect to this technical information.

Product Selection and Use

Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. Customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment, reviewing all applicable regulations and standards, and reviewing the product label and use instructions. Failure to properly evaluate, select, and use a 3M product in accordance with instructions or to meet all applicable safety regulations may result in injury, sickness, death, and/or harm to property.

Warranty, Limited Remedy, and Disclaimer

Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price.

Limitation of Liability

Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
