

Salter Megastone 28cm Frypan - Silver

BW05747S1EU7

Please retain instructions for future reference.

Care and use

Please retain these instructions for future reference. Before first use, ensure that you hand-wash the cookware thoroughly. This cookware is suitable for use on hobs only, including induction, and should not be used for deep fat frying. For optimal energy efficiency, place the cookware on hob rings that match its base size, and take care to ensure that flames do not overlap the sides or handles. To extend the life of the cookware, it is advised to use silicone, wooden, or nylon utensils, as well as to avoid overheating the cookware or allowing it to boil dry. Never leave the cookware unattended while in use. Be aware that the non-stick coating may discolour over time, but this does not affect its functionality. To prevent damage to ceramic hobs, always lift the cookware rather than dragging it across the surface. Additionally, screws on the cookware may loosen over time, so be sure to carefully retighten them with a screwdriver when necessary. When it comes to cleaning and storing the cookware, always allow it to cool before cleaning. It is safe for dishwasher use with mild detergents, or you may hand-wash it with a mild detergent and a non-abrasive sponge, rinsing and drying it thoroughly afterwards. Do not store cookware while it is wet. As a precaution, always use heat-resistant oven gloves when handling the cookware, and never expose hot cookware to cold liquids. If you notice any evidence of damage, please dispose of the cookware carefully. Provided that these care and use guidelines are followed, Salter offers a 10-year guarantee which promises to replace, substitute, or refund any product that fails due to faulty workmanship or materials. This guarantee does not cover damage resulting from accidents or misuse and is in addition to your statutory rights.
