JEB DUNNUCK

SEPTEMBER 2024

The 2021 Cabernet Sauvignon Sam Jasper is a tiny production selection that's from Yountville, Mt. Veeder, and Calistoga, aged in new barrels. Cassis, blackcurrants, violets, tobacco, and plenty of minerality all define the aromatics, and it stays focused and pure on the palate, with beautifully integrated tannins, great overall balance, and outstanding length. It needs a few years, but it's gorgeous.
