Jamb masking made easy.

Simplify Your Masking Process with 3M™ Soft Edge Foam Masking Tape PLUS

Experience the versatility and efficiency of 3M™ Soft Edge Foam Masking Tape PLUS. Adaptable to various aperture sizes, this innovative tape saves you time and effort while ensuring a clean, professional finish. Simplify your work and achieve superior results with ease.

Versatility: The tape adapts to both wide and narrow openings, allowing painters to handle various aperture sizes with a single product.

Time-Saving: Masking different sizes of openings in one simple step streamlines the process, making it quicker and more efficient.

Professional Finish: The offset adhesive bead ensures the tape is placed away from the paint edge, optimizing the soft edge for a cleaner, more professional look.

Ease of Application: The design simplifies the masking process, reducing the effort required and making the job easier for painters.

3M™ Soft Edge Foam Masking Tape PLUS

No need of different tape sizes with 3M™ Soft Edge Foam Masking Tape PLUS. It utilizes a tubular design that will deform to expand or compress to fill a range of aperture sizes.

This allows painters to easily mask both wide and narrow openings in one simple step, while the offset adhesive bead allows the product to be placed away from the paint edge to optimize the soft edge.
