2022 CABERNET SAUVIGNON, PASO ROBLES

Winemaking has been a Coppola family tradition for several generations. So has making art and providing entertainment, from music and cinema to fine dining experiences and more. For Francis Ford Coppola, all these endeavors embody a celebration of life, merely designed with different tools. This wine's label, featuring Eleanor Coppola's handwriting, is based on the original label design from the Coppola family's first wines bottled in the early 1980s. Four decades later, the family's small wine endeavor is now an established wine legacy.

PASO ROBLES

The Paso Robles American Viticultural Area is situated along California's Central Coast. Framed by two mountain ranges, the region enjoys a Mediterranean climate with warm days and cool nights. The exceptional climate, proximity to the Pacific Ocean, varying topography, and diversity of soils make Paso Robles an extraordinary place to produce world class wine.

WINEMAKER'S NOTES

The 2022 vintage began early, with spring rains replenishing the soil and providing vines with essential water and nutrients for healthy growth. A mild summer, marked by warm days and cool nights, created ideal conditions for grape maturity. While 2022's crop was lighter than average in quantity, the quality remained exceptional, producing beautifully concentrated wines.

TASTING NOTES

Medium-bodied, with firm tannins and a rounded mid-palate, the 2022 Cabernet Sauvignon makes a bold entrance with aromas of black pepper and cherries. Rich flavors of juicy strawberry are complemented by notes of warm caramel and nutmeg on the palate.
