3M™ Auxiliary Baghouse Fines Wausau

Product Data Sheet

Wausau Baghouse Fines is a naturally-occurring mineral in a fine size and may be appropriate for use in some construction fill applications. Grade and composition are not specified or warranted in any way, and may vary. This product is sold “AS IS, WHERE IS,” as detailed below.

A. TYPICAL MINEROLOGY

Volcanic igneous rock primarily consisting of quartz, potassium feldspar, and plagioclase feldspar, and secondarily containing pyroxene, biotite, magnetite, hematite, ilmenite, calcite, sericite, and epidote.

B. TYPICAL GRADE

Composed of material that has been captured from baghouses.

No Warranty, Limited Remedy, and Limitation of Liability: Unless a warranty is specifically stated in a written agreement between 3M and the user, 3M provides the Wausau Baghouse Fines "AS IS,WHERE IS," with any and all faults and with no warranty whatsoever. If there is a warranty provided in a written agreement, and the Wausau Baghouse Fines does not conform to that warranty, the exclusive remedy is, at 3M’s option, replacement of the 3M product or refund of the purchase price. Many factors that are uniquely within user’s knowledge and control can affect the use and performance of Wausau Baghouse Fines in a particular application. The user is solely responsible for evaluating the 3M product and determining whether it is fit for a particular purpose and suitable for the user’s process and application. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY OR CONDITION ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. Except where prohibited by law, 3M will not be liable for any loss or damage arising from the performance, use or inability to use 3M products, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted.
