3M™ Masking Tape Tube Dispenser SD23

A smarter way to create reliable tape tubes

The 3M™ Masking Tape Tube Dispenser SD23 is a mounted tool designed to quickly and consistently fold 48mm 3M™ crepe masking tape onto itself to create a laminated tube structure. This process supports consistent formation of tape tubes used to anchor masking films and papers on irregular surfaces and complex geometries. The dispenser supports AOEM paint shop processes as well as general industrial masking applications.

Supports fast and consistent masking process

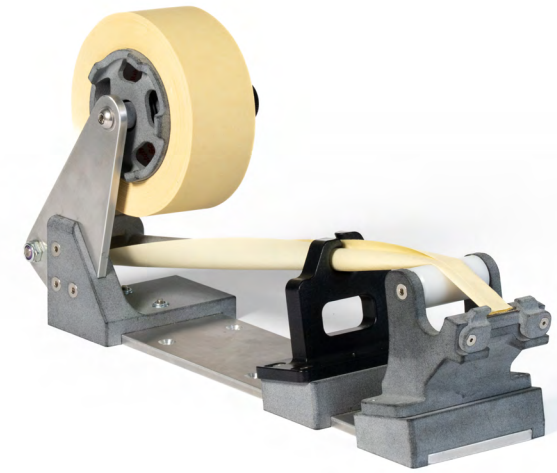

Delivers a reliable tube structure to quickly support and anchor masking films and papers.

Works with 48mm 3M™ crepe masking tapes

Compatible with 3M™ high temperature crepe masking tapes used on Automotive OEM processes, which may reduce the need for double-coated or linered options.

Durable construction

Built with materials that support reliable use in production-line environments.

Addressing manual masking challenges with a faster, more consistent solution

In many AOEM and industrial environments, technicians can face significant challenges when manually folding wide crepe masking tapes to create tube-style supports for attaching masking films. The process is difficult to perform consistently-especially with a vehicle moving down the line-and often takes more time than operators can spare. Variability in hand-folded tape can contribute to rework and increased handling time in applications. Additionally, teams must often keep multiple tape types on hand to address different masking needs, creating unnecessary complexity.

The **3M™ Masking Tape Tube Dispenser SD23** helps overcome manual masking folding challenges by standardizing the folding process, producing a reliable laminated tube structure quickly and repeatably. By working with 3M™ high temperature crepe masking tapes, the dispenser simplifies tape selection, supports film attachment, and helps improve masking process efficiency.

Product Information

Product Description	Material IDs	Width in (mm)	Length yd (m)	Case Quantity
3M™ Tube Masking Dispenser SD23	7100303428	N/A	N/A	1
3M™ Performance Masking Tape 2380	7000088416	1.88 (48mm)	60yd (55m)	24
3M™ High Performance Masking Tape 2693	7000088347	1.88 (48mm)	60yd (55m)	24
3M™ Specialty High Temperature Purple Masking Tape 501+	7100086764	1.88 (48mm)	60yd (55m)	24
3M™ High Performance Green Masking Tape 401+	7000148424	1.88 (48mm)	60yd (55m)	24
3M™ High Performance Yellow Masking Tape 301+	7000124891	1.88 (48mm)	60yd (55m)	24
