

3M Science. Applied to Life.™

Reliable and clean. Seal with confidence.

3M™ Extreme Sealing Tapes create reliable, durable seals on a variety of substrates and shapes. They stick instantly with pressure to metals and plastics and are very conformable, enabling a tight seal. Sealing is now easy and mess-free — no uneven beads, curing issues, or messy caulking equipment. These tapes are tough, flexible, and resistant to weather, making them a dependable, long-lasting solution.

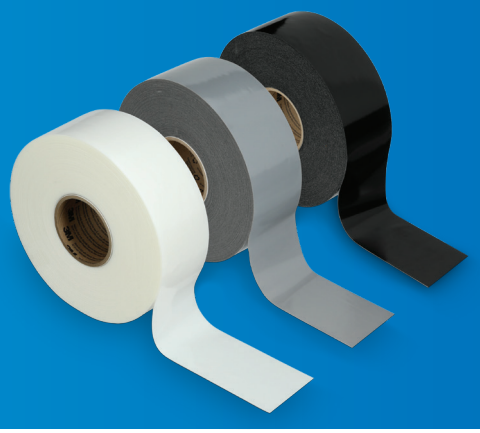

3M™ Extreme Sealing Tapes

Available in black, gray, or white.

3M™ Extreme Sealing Tapes

3M™ Extreme Sealing Tapes provide a more reliable and durable alternative to liquid sealants. They stick to metals and plastics without any mess. The acrylic adhesive is very conformable, covering edges, rivets, and screw heads for a tight seal with a clean, professional finish. Plus, the tapes come in three colors to match most surfaces. Forget about caulking applicators and cartridges; this tape makes sealing simple and clean.

Features

Increased Productivity:

- Adhesive adheres immediately after the application of pressure, enabling quick installation and eliminating unnecessary downtime.
- Provides an immediate seal without the cure time or mess typically associated with liquid sealants.

Enhanced Durability:

- Acrylic adhesive chemistry allows for bonding to a wide variety of substrates while maintaining reliable durability.
- Features a flexible thermoplastic polyolefin (TPO) backing that easily conforms over screw heads, rivets, joints, splices, and other protrusions, providing reliable protection from water intrusion.
- Abrasion-resistant and durable TPO backing material makes these tapes suitable for exterior applications.

Applications

Truck and Trailer

Metal Enclosures

Transportation

Solar Panels

3M™ Extreme Sealing Tapes	Colors	Thickness	Available Widths
4410+	Black, white, gray	25 mil	2", 3", 48" or custom
4411+	Black, white, gray	40 mil	2", 3", 48" or custom
4412+	White, gray	80 mil	2", 3", 48" or custom
