OEM Match Made Easy

Help save time and effort with the 3M OEM Match Family of seam sealer solutions.

The 3M OEM Match Family of seam sealing products are engineered to help technicians of all skill levels more easily replicate the appearance and function of a vehicle's original factory seam sealer.

The system includes our line of seam sealer matching tips and the 2K 3M™ OEM Match Epoxy Seam Sealer in 4 colours – allowing you to replicate the most common OEM seams with one simple application.

Whether you are a novice or seasoned expert, the 3M OEM Match Family is designed to make replicating OEM seam sealer easy.

3M™ OEM Match Wing Tip

Helps technicians quickly replicate OEM seams on door skins and hem flanges.

Tip and wing can be trimmed to adjust the size and position of the seam sealer.
