DIAMOND COLLECTION

Diamond Collection Wines are made from grapes grown across California. The 2023 Diamond Collection Pinot Noir offers a gorgeous fragrance and silky mouthfeel. Its elegant character and impeccable balance reflect an exceptional vintage and phenomenal fruit quality.

WINEMAKER'S NOTES:

Our Pinot Noir grapes are picked early in the morning while the weather is cool, to prime the fruit for a cold soak before slow fermentation in stainless steel before being clean racked to a combination of French and American oak. The wines undergo 100% malolactic fermentation. The Diamond Pinot Noir is carefully cultivated, first in the vineyards, and later in the cellar – a delicious Pinot Noir for any occasion.
