

SUEDE COWHIDE PALM WITH SAFETY CUFF

Style No. 1500

- 1

Striped cotton-blend canvas on back-of-hand offers lightweight, breathable coverage
- 2

Gray suede cowhide palm provides good durability from wear & tear, while shielding the hand from punctures & abrasions
- 3

Cotton-blend canvas fabric heavy rubberized safety cuff guards wrist from outside elements & helps to deflect debris when layered over long sleeves
- 4

Shirred elastic tightens the shell material to the shape of the hand above the widening of the palm & provides an additional preventative measure to block particles from further entering the glove
- 5

Leather palm extending to the wrist offers additional inner-wrist protection & reduces stress & damage to the seam
- 6

Black pieced cotton-blend canvas fabric hem incorporates an added piece of material, which creates a finished look, holds all layers of the glove together, & prevents fraying
- 7

Gray suede cowhide knuckle strap provides added protection from bumps & abrasions
- 8

Wrap-around index finger design creates increased durability & comfort, & ensures that the high-rub areas on the exterior of the finger are not compromised by potential thread or seam failures
- 9

Gray suede cowhide patches at the distal end of the fingers provide a protective barrier around the fingernails & fingertips, which reinforces the base material & seams for added wear
- 10

Angled wing thumb design, which is seamless between the palm & thumb, offers additional flexibility & comfort
- 11

Soft polyester-cotton blend lining wicks moisture to keep the hand comfortable & dry
- 12

Gunn cut pattern allows for fewer seams between the fingers, reduces the exposure of seams in high-wear areas of the palm, & allows the back-of-hand base material to remain seamless for longer wear & comfort
- 13

Leather welt at high-contact base of middle & ring fingers reinforces seam strength & durability
