

LINED SUEDE COWHIDE DRIVER

Style No. 51PL

- 1

Golden full suede cowhide provides good durability from wear & tear, while shielding the hand from punctures & abrasions
- 2

Suede cowhide patches on palm reinforce high-wear areas to better withstand abrasions & to extend the longevity of the glove
- 3

Easy-On™ cuff with shirred elastic wrist facilitates quick on & off use, while tightening the shell material to the hand for a secure fit & providing an additional preventative measure to block debris from further entering the glove
- 4

Pieced fabric hem incorporates an added piece of material, which creates a finished look, holds all layers of the glove together, & prevents fraying
- 5

Out-seam index finger provides the smooth, comfortable feel of a seamless interior & eliminates rub points that often accompany bunched material typically inside the glove
- 6

Ergonomic keystone thumb design, which includes an extra sewn-in piece of material, offers flexible, full-range of motion & helps to prevent hand fatigue
- 7

Pile thermal insulation traps heat to keep hands warm
- 8

Gunn cut pattern allows for fewer seams between the fingers, reduces the exposure of seams in high-wear areas of the palm, & allows the back-of hand base material to remain seamless for longer wear & comfort
- 9

Leather welt at high-contact base of middle & ring fingers reinforces seam strength & durability
 - Available as a pair or pre-loaded corrugated floor display (KCFD2B-C009)
 - Size(s): M, L, XL

FEATURES

Genuine Leather

Thermal

SUGGESTED USES

- ✓ Construction & Hardware
- ✓ Farm & Ranch
