ASSEMBLY INSTRUCTIONS

PTCT4A

TABLE TENNIS CONVERSION TOP

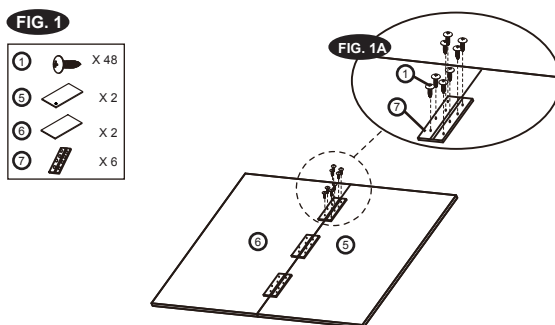

**PLEASE FAMILIARIZE YOURSELF WITH THE HANDLING
AND MAINTENANCE INSTRUCTIONS BEFORE ASSEMBLY AND USE.**

HANDLING INSTRUCTIONS

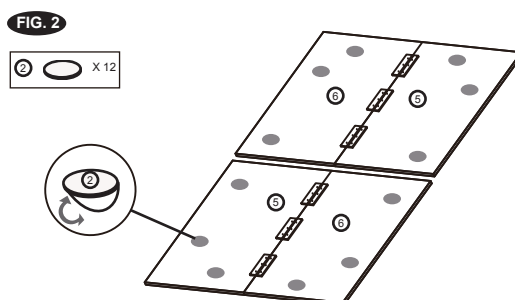

We recommend that two ADULTS work together to initially remove the conversion top from the carton.

1) **Unpacking your conversion top:** Find a clean, level space to unpack and prepare your new conversion top. Carefully open the carton so that it can be used as your work surface. Remove all parts from the box and verify that you have all of the following: (12) protective pads, (4) top panels, (1) net and post set, (48) wood screws and (6) hinges.

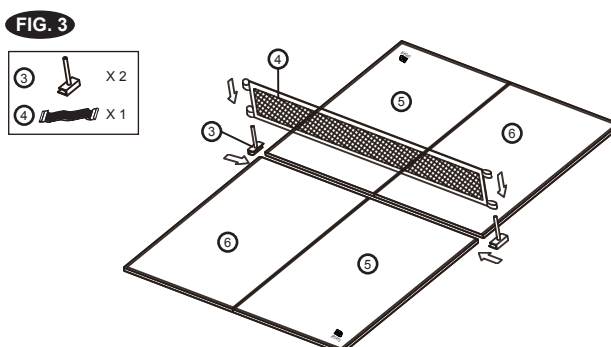

2) Attach the Table Tennis Top-A and B(#5 & #6) to the Hinge (#7) using eight Screw (#1) per hinge.

3) **Applying Protective Pads:** Remove paper liner from the back of protective pad (#2) and apply to underside of top one by one. You will need to determine the best location for each of the protective pads depending on the size of the table that you are intending to set your conversion top upon. The location of the pads shown in FIG. 2 below may or may not be appropriate for your use.

4) **Setting conversion top in place and attaching net and posts:** (Two adults required) Once protective pads have been applied carefully turn each conversion top half over while it is fully open and gently set on table surface. It is best that each adult hold both hinged panels as top is set in place to minimize the stress on hinges. When both top are in place and touching each other slide net posts clips (#3) on tops as shown below. The elastic ends of net (#4) then slide over posts and you are ready to play.

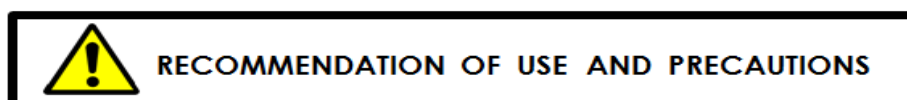

MAINTENANCE INSTRUCTIONS

For cleaning use a soft damp (not wet) cloth only.

DO NOT USE ANY CHEMICALS, ABRASIVES OR CLEANING PRODUCTS on the playing surface.

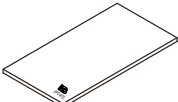

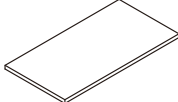

This conversion top must be stored indoors to avoid damage to the surface. Dampness and temperature changes can cause wood play surfaces to warp, swell or blister.

This conversion top is intended for INDOOR USE only.

- Handling the conversion top (assembly, open, close, or to store) should always be done by at least one adult to prevent accident, injury or damage to tops.**
- Be sure that no persons, pets or objects are in the way when opening or closing.
- Do not put heavy objects on the conversion top.
- Do not sit or lean on conversion tops.
- Do not clean the tops with solvents or any other aggressive product because it could damage the paint finish.
- Do not use sharp objects on the conversion tops.
- The functioning and storage of this product should always be handled or supervised by an adult.
- To extend the life of this table protect it from moisture or severe climate changes.
