

HydroFLECTOR™ LINED WATER-RESISTANT PREMIUM SUEDE COWHIDE DRIVER WITH OMNI-CUFF™

Style No. 350HKP

- 1

Golden **aquaHIDE™** water-resistant premium full suede cowhide provides protection in wet conditions, good durability from wear & tear, & shields the hand from punctures & abrasions
- 2

Omni-Cuff™ design allows the adjoining wrist material to be worn outside or inside the glove, giving the user the ability to better regulate their body temperature
- 3

Comfortable, form-fitting polyester & elastic knit wrist at pulse-point, helps to retain warmth where heat often escapes the body, & prevents debris from infiltrating the glove
- 4

Reinforcement leather pull-tab added to knit wrist helps to reduce stress on the cuff seams & avoids stretching the knit when pulling gloves on & off
- 5

Shirred elastic tightens the shell material to the shape of the hand above the widening of the palm & provides an additional preventative measure to block particles from further entering the glove
- 6

Out-seam index finger provides the smooth, comfortable feel of a seamless interior & eliminates rub points that often accompany bunched material typically inside the glove
- 7

Ergonomic keystone thumb design, which includes an extra sewn-in piece of material, offers flexible, full-range of motion & helps to prevent hand fatigue
- 8

High-performance signature **Heatkeep®** thermal insulation, laminated to a soft TR2 inner lining, provides superior heat-retention by trapping heat, repelling the cold, & wicking away moisture
- 9

Gunn cut pattern allows for fewer seams between the fingers, reduces the exposure of seams in high-wear areas of the palm, & allows the back-of hand base material to remain seamless for longer wear & comfort
- 10

Leather welt at high-contact base of middle & ring fingers reinforces seam strength & durability
- 11

Pairing hook keeps gloves together when not in use

GAINS FLEXIBILITY WITH CONTINUED WEAR!
