ESCALATE

For 2022 we're turning up the heat. Introducing the all-new Bear Archery Escalate. This technology packed 31" axle-to-axle bow offers insane performance at an unbeatable price. The Escalate features Bear's patented EKO cam technology and accuracy enhancing Vibration Reduction System. For 2022, this top tier bow receives Bear's new KillerWave™ limb dampeners and a vibration eliminating string stop to further cut down on post shot hand shock. The Escalate offers astonishing speeds up to 339 FPS and accommodates shooters with draw lengths from 26" to 30". The bow's all-new for 2022 GRIZgrip offers shooters a comfortable and relaxed hold on the performance engineered riser. The 4.1 lbs mass weight along with the 6.5" brace height make the Escalate nimble and manageable in both spot and stalk or tree stand scenarios. Take your bowhunting to a new level this year and experience the Bear Archery Escalate.
