WHITETAIL LEGEND

The Whitetail Legend is a nod to the classic Whitetail Hunter bow first introduced by our founder Fred Bear in the 1970s. The Whitetail Legend is exactly what you need to grab before you head off to the woods to bring home your next trophy or supply of meat. Every time you draw back, you'll feel our draw stop giving you the most solid back wall experience of a single cam on the market. Upon release, you'll experience the blazing fast speeds of 320 feet per second. It was Mr. Bear's mission to make archery accessible to everyone by offering his bows at a fair price and that's exactly what we're doing again today with the Whitetail Legend compound bow.
