

Women's HydrolFLECTOR™ WATER-RESISTANT PREMIUM GRAIN COWHIDE DRIVER

Style No. 398PW

- 1

Debossed floral pattern tan premium **aaQuaHIDE™** water-resistant full grain cowhide provides excellent protection in wet conditions, good durability from wear & tear, & shields the hand from punctures & abrasions
- 2

Easy-On™ cuff with shirred elastic wrist facilitates quick on & off use, while tightening the shell material to the hand for a secure fit & providing an additional preventative measure to block debris from further entering the glove
- 3

Tan pieced **aaQuaHIDE™** cowhide hem incorporates an added piece of material, which creates a finished look, holds all layers of the glove together, & prevents fraying
- 4

Out-seam index finger provides the smooth, comfortable feel of a seamless interior & eliminates rub points that often accompany bunched material typically inside the glove
- 5

Ergonomic keystone thumb design, which includes an extra sewn-in piece of material, offers flexible, full-range of motion & helps to prevent hand fatigue
- 6

Gunn cut pattern allows for fewer seams between the fingers, reduces the exposure of seams in high-wear areas of the palm, & allows the back-of hand base material to remain seamless for longer wear & comfort
- 7

Leather welt at high-contact base of middle & ring fingers reinforces seam strength & durability
- Women's Size(s): S, M, L
 - Also available in lined (398HKPW) & in Men's (398P)

GAINS FLEXIBILITY WITH CONTINUED WEAR!

FEATURES

Genuine Leather
