3M™ GoggleGear™ Protective Goggle 3000 Series

Full-size protective goggle featuring a shroud designed to accommodate many prescription eyewear.

Shroud conforms to the face for added security of fit and extended wear.

*Available in PVC or TPV:**

- **PVC models** offer chemical resistance, featuring a translucent shroud to help improve peripheral detection.

- **Premium, flexible black TPV** shroud provides enhanced comfort and fit.

Features optimized shroud design with **slots** to accommodate many prescription eyewear.

Polycarbonate lens meets the requirements of ANSI/ISEA Z87.1- 2020 Standard as an Impact-Rated Goggle.

Acetate lens model (GG3201-AAF) offers additional chemical resistance.

CSA Certified Z94.3-2020.

Includes either adjustable cloth polyester or neoprene strap which allows users to customize fit, adding to comfort for extended wear.

Features wraparound lens design for improved field of vision.

Choose from models with anti-fog, anti-fog/anti-scratch, or 3M™ Scotchgard™ Anti-Fog Coating.

Get both splash and dust protection in one protective goggle: all models are D3 (droplet and splash) and D4 (dust) rated.

U6 rated polycarbonate lenses absorb 99.9% of UVA, UVB, and UVC rays between 200 nm and 380 nm.

Slotted nose bridge helps offer a customized fit and added comfort.

Help workers see clearly, longer with 3M™ Scotchgard™ Anti-Fog/Anti-Scratch Protector Coating. Scotchgard™ Anti-Fog Coating resists fog 11x longer and has 7x better anti-scratch performance than traditional 3M anti-fog coatings.

Meets Anti-Fog Performance (X) requirements of the ANSI/ISEA Z87.1-2020 Standard.
