

2022 MADDALENA PASO ROBLES CABERNET SAUVIGNON

Region/Vintage Notes

Out of our estate vineyards in both the El Pomar and Creston districts of Paso Robles, our 2022 Maddalena Cabernet Sauvignon highlights all the appellation has to offer. Small lots are picked and fermented individually with minimal intervention to allow the true expression of the soil and climate. The 2022 vintage saw early budbreak and cooler conditions in the spring and great growing conditions throughout the summer. Although heat waves were experienced during August and September, the smaller clusters created a deep color and higher quality across the vintage.

Winemaker /Tasting Notes

The 2022 Maddalena Cabernet Sauvignon is filled with vibrant fruit flavors, including dark plum, raspberry and spicy black cherry. Barrel aging lends to notes of vanilla, caramel, and oak spice. With a silky texture and a round, rich mouth framed by soft tannins, this well rounded and well-balanced wine makes a perfect pairing for almost any meal.

Sustainability

Sustainability is our top priority. Our Paso Robles and Monterey vineyards are certified sustainable by CSWA. At our Paso Robles winery, solar panels provide 100% of the needed electricity, and wastewater is effectively reclaimed and recycled for additional uses.
