

# Technical Data Sheet

## 9361 Crepe Tape

**For protection and covering of veneer edges.**

### Properties

- good temperature resistance
- good quick stick
- conformable

### Area of Use

- protection and covering during the veneer production process.

### Technical Data

- Backing: Smooth masking tape, saturised
- Adhesive: Rubber
- Thickness: 0,15 mm
- Tensile: 37 N / 10 mm
- Elongatioin: 11 %
- Adhesion to stainless steal: 3 N / 10 mm

Short  
term

80 °C
