

LINED HI-VIS ORANGE GRAIN PIGSKIN PALM WITH KNIT WRIST

Style No. 1938KW

- 1

High-visibility orange water-resistant polyester fabric back-of-hand promotes a flexible range of motion & improves low-light visibility
- 2

Golden grain pigskin protects the palm with exceptional durability, & due to its porous nature, remains soft & flexible after getting wet
- 3

Comfortable, form-fitting hi-vis orange polyester & elastic knit wrist at pulse-point helps retain warmth
- 4

Reinforcement leather pull-tab added to knit wrist helps to reduce stress on the cuff seams & avoids stretching the knit when pulling gloves on & off
- 5

Shirred elastic tightens the shell material to the shape of the hand above the widening of the palm in order to provide a more conformed fit
- 6

Reflective knuckle strap offers industry leading reflectivity to maximize visibility & safety in hazardous low light conditions
- 7

Wrap-around index finger design creates increased durability & comfort, & ensures that the high-rub areas on the exterior of the finger are not compromised by potential thread or seam failures
- 8

Golden grain pigskin patches at the distal end of the fingers provide a protective barrier around the fingernails & fingertips, which reinforces the base material & seams for added wear
- 9

Angled wing thumb design, which is seamless between the palm & thumb, offers additional flexibility & comfort
- 10

High-performance signature **Heatkeep®** thermal insulation, laminated to a soft TR2 inner lining, provides superior heat-retention by trapping heat, repelling the cold, & wicking away moisture
- 11

Gunn cut pattern allows for fewer seams between the fingers, reduces the exposure of seams in high-wear areas of the palm, & allows the back-of-hand-of hand base material to remain seamless for longer wear & comfort
- 12

Leather welt at high-contact base of middle & ring fingers reinforces seam strength & durability
- 13

Pairing hook keeps gloves together when not in use
