

V-FORM® Harness Chest Buckle Design Change

To continuously improve the comfort and usability of V-FORM Harnesses, the RaceFORM style buckle that has been on the harnesses will change to a Qwik-Fit style (pictured at right). Production will change over to the new design in February 2024 and will be treated as a rolling change. To minimize any effect on our end users, part numbers and pricing will remain the same and no action is needed. The list of effected part numbers can be found in the table below.

Previous Style

New Style

Part No.	Description	Size
10196642	V-FORM Harness, back D-ring,tongue buckle leg straps	STD
