

BURN 01

SPARKLING WINE

ABOVE AND BEYOND

BUILT FOR SPACE MISSIONS. MADE FOR BUBBLES

Burn 01 celebrates a remarkable piece of Bronco Wine Co. history. More than 55 years ago, decommissioned NASA liquid oxygen tanks were repurposed for sparkling wine production. Originally engineered to withstand extreme pressure, these massive stainless steel tanks continue to inspire Burn 01 today. The result is a bright, refreshing sparkling wine that honors a legacy of innovation, exploration, and thinking beyond the ordinary.

WINEMAKING REPORT:

Crafted with spacecraft-level precision, this sparkling wine is aged for exceptional depth, texture, and complexity. Finished in decommissioned, NASA-engineered, five-inch-thick stainless steel tanks, it achieves remarkable temperature stability and precision. The result is a vibrant, fruit-forward California sparkling wine with refined bubbles, bright acidity, and a smooth finish.

TASTING NOTES

Aromas of lemon-lime citrus and freshly baked brioche lead on the nose. Layers of tropical fruit carry across the palate, supported by a rich, textured mouthfeel developed through extended lees aging. The wine finishes with exceptional acidity, precision, and energy.

TECHNICAL DETAILS

VARIETAL COMPOSITION: Chardonnay

ABV: 11.5%

TA: 7.5 g/L

R/S: 0.64 g/L

pH: 3.0
