THE PLACE YOU WANT TO BE!

BELPOSTO

MONTEPULCIANO D'ABRUZZO D.O.C.

CHARACTERISTICS

WINEMAKING NOTES

Grapes are harvested by hand, destemmed, crushed lightly and placed in stainless steel tanks where alcoholic fermentation with selected yeasts takes place. The process takes place in special temperature controlled fermentation tanks for 6-8 days, with punching down and remontage happening a number of times to achieve optimum color and tannins. The wine is racked and placed in steel tanks for 5-6 months of aging before being bottled.

TASTING NOTES

Ruby red in color with bold inviting aromas of cherries and spices that explode from the glass to offer a fine, fresh and well orchestrated palate.

FOOD PAIRINGS

A delicious accompaniment to shellfish, grilled swordfish and salmon, seasonal pasta or lasagna, pizza, beef tenderloin, roasted lamb, tacos, chicken and aged cheeses.

REGION

ABRUZZO, ITALY

When visiting the Abruzzo region of central Italy be prepared to fall in love quickly and repeatedly. Stretching from the Adriatic to the Apennines, it's a wild place, with beautiful vast mountain views across lush valleys and orange tiled villages that nestle into the soaring hills like mountain fortresses. This region is famous for wine production and the Montepulciano grape varietal has been flourishing in the Abruzzo region since the 18th century.
