Wine

The 2023 Clay Creek Vineyards California Pinot Noir features aromas of plum, dark fruit, and toasty oak that mingle with subtle nuances of mocha. This elegant wine offers flavors of black cherry, dried fruits, and spice. Oak aging adds a hint of vanilla and a soft, toasty finish.

Vintage

The cooler winter of 2023 delayed the season's start, enhancing the color of our Pinot Noir grapes. Without major heat spikes, the fruit ripened steadily. Harvesting mostly occurred during the cool evening to early morning hours, benefiting from a gentle delta breeze.

Vineyards

The Pinot Noir grapes were carefully selected from diverse vineyards in California. The vineyards are blended from cool and warm climates to create complexity and layers of flavor.

Winemaking

Picking decisions are based on winemaker evaluation, vineyard condition and proper flavor ripeness. The grapes are picked in the cool of the night, destemmed and slowly warmed to fermentation temperatures. After fermentation, a portion of the blend was racked onto French and American oak while another portion is maintained in stainless steel. This allows the winemaker with blending options to craft the complex and structured wine.
