

Reliable facepieces for work environments.

3M™ Scott™ AV-3000 Series Facepieces

Face the hazards of your job with confidence.

When you choose 3M Scott facepieces, you're choosing premium, proven performance for challenges you encounter.

The 3M™ Scott™ AV-3000 SureSeal and 3M™ Scott™ AV-3000 HT facepieces offer common design features for improved comfort, fit and performance for industrial workers, firefighters and HAZMAT teams.

3M™ Scott™ AV-3000 SureSeal Facepiece

3M™ Scott™ AV-3000 HT Facepiece

Common Features

- Fully open front port enables easy communication and breathing without any obstruction while off air
- Easy to maintain with no moving parts to clean or manipulate
- Dual voicemitters allow easy communication without electronics and enhanced voice transmission around the wearer
- Optional electronic communications systems are available to meet different needs
- SureSeal face seal technology for enhanced comfort, fit and performance
- Head harnesses include 5 points of attachment to enable secure fit
- Positioning tab to assist with proper and quick donning (5-strap Kevlar® and polyester versions)
- Facepieces contain no natural rubber latex to reduce the possibility of allergic reactions

Additional Features
AV-3000 SureSeal only

- Available with Kevlar®, Polyester, or Rubber head harness to meet customer needs

Additional Features
AV-3000 HT only

- ANSI/ISEA Z87.1-2020, Impact rated Z87+
- Incorporates lens and bezel thermal performance introduced in NFPA 1981, 2013 Edition standard
- High visibility inhalation valves for easy inspection
- Kevlar® head harness available with either 4- or 5-straps

TOP DOWN CONVERTIBILITY This AV-Series facepiece design platform, pioneered by 3M Scott, allows one facepiece to be used in numerous respiratory protection assemblies, from supplied air to air purification. This single facepiece concept reduces the cost of inventory, training and fit testing multiple facepieces for each employee.

AV-3000 SureSeal and AV-3000 HT Facepieces

Compatible with multiple communications devices:

- EPIC 3 RDI – Bluetooth® Radio Direct Interface
- EPIC 3 RI – Bluetooth® Radio Interface with Speaker Mic
- EPIC 3 Voice Amplifier
- Mask Speaker Microphone (MSM)

⚠WARNING

These respirators help to protect against certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as part of the product packaging. A written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134 including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of applicable jurisdiction, as appropriate. Improper use may result in sickness or death. For correct use, see supervisor and User Instructions, or call 3M PSD Technical Service in USA at 1-800-243-4630 and in Canada at 1-800-267-4414.
