Les Glories

LES GLORIES HERITAGE

Since the 1920s, Les Glories has honored French winemaking tradition, paying homage to the monks who safeguarded and advanced viticulture through their care of the vines and exploration of diverse grape varieties. Through collaboration with multigenerational families across France's leading wine regions, Les Glories selects wines from renowned appellations that showcase the distinctive soils and character of the country's diverse terroirs. The collection connects past and present, creating wines that feel timeless yet contemporary.

THE VOUVRAY APPELLATION

Located in the Loire Valley, the Vouvray appellation spans eight communes along the right bank of the Loire and the Brenne. Sourced from the Les Sablons parcel in Chancay, a six-hectare west-facing hillside, the vines are rooted in sandy and gravel soils over flint clay. Combined with a temperate, ocean-influenced climate, these conditions promote optimal ripening and contribute to the wine's balance, texture, and mineral character.

WINEMAKING

Hand-harvested and carefully sorted, the grapes are destemmed and gently pressed to preserve purity. Fermentation occurs in temperature-controlled stainless steel over six to seven weeks, followed by ageing on fine lees until spring bottling, building texture while maintaining freshness and precision.

TASTING NOTES

The 2025 vintage displays a pale gold hue, bright with soft highlights. The nose opens with aromas of ripe pear and quince layered with delicate white florals and a touch of flinty minerality. The palate is precise and well-balanced, combining fresh acidity with a gentle roundness that carries flavors of orchard fruit and subtle citrus. A long, lifted finish highlights the purity and versatility of Vouvray Chenin Blanc.

VINEYARD & WINEMAKING DETAILS

APPELLATION

Vouvray AOP

HARVEST DATE

September 2025

ELEVATION

300 feet above sea level

VARIETAL

100% Chenin Blanc
