

SEA RIDGE

2026 Sauvignon Blanc Marlborough New Zealand

Sea Ridge is sourced from vineyards in Marlborough's Wairau Valley, where the land stretches toward the Pacific and coastal influence shapes every vintage. Ocean air and cooling breezes move through the vines, enhancing freshness, brightness, and that signature mineral edge.

Crafted in a vibrant Marlborough style, the fruit is harvested at optimal ripeness to preserve natural acidity and aromatic intensity. Cold-settled and fermented in stainless steel at low temperatures, the wine retains its crisp, lifted character. Bottled young, it captures the energy, clarity, and brightness of the vintage.

TASTING NOTES

Fresh, vibrant, and unmistakably Marlborough. Bright aromatics of passionfruit, grapefruit, and fresh-cut herbs lead into a crisp, mineral-driven palate. Coastal influence brings natural lift, lively acidity, and a clean, refreshing finish that lingers.
