

TECHNICAL DATA SHEET

240 Mounting Tape

High performance double sided acrylic foam tape for permanent mounting application.

Properties

- Soft, tacky and conformable
- Low temperature resistance up to -40°C
- High temperature resistance up to 150°C (short term)

Area of Use

- Excellent for bonding glass, clear plastics or metal and applications requiring an invisible bondline
- Ideal for use in glass, window and door manufacturing

Technical Data

- Backing: acrylic foam, transparent
- Thickness: 1 mm
- Adhesive: acrylic
- Tensile Strength (T-Block): 70 N/cm²
- Adhesion: 10 N/cm
- Dynamic Shear : 50 N/cm²

permanent

permanent

-40°C - +150°C
