We Were Borne For Immune Support*

Our Story

The original Airborne recipe was cooked up by an ingenious teacher about 20 years ago. Why? Because throughout the school year, she wanted to provide her immune system with proper support.

From her kitchen, Airborne moved quickly to the local farmers' markets beyond. The original tablet, handcrafted from a carefully considered blend of vitamins, minerals, and herbs, was a big deal for people looking for a way to support their immune system.*

Vitamin C And Your Body

Vitamin-C is well known for its immune health benefits. It's not only an antioxidant, but it also supports cellular functions and helps guard against free radicals found in the environment *

Vitamin C is water soluble and cannot be produced by the human body so it's important to get this through diet or supplementation. Airborne Kids Elderberry Gummies are packed with Vitamin C and other vitamins, minerals and herbs!

Our Crafted Blend

We believe that a well supported immune system opens the doors to a richer life. With a passion for a crafted blend of thoughtful ingredients, it's our mission to support you in whatever you love to do.

Each serving of 2 Elderberry Gummies contains 130 mg of Vitamin C and is high in antioxidants vitamins C & E. Specially crafted with 300 mg of great tasting Black Elder juice powder, these gummies are designed to support your immune system no matter where you go. Airborne helps you do what you were Born to do *
