Assembly Instructions

NOTE: We recommend that two adults work together to assemble this game.

Step.1

Find a clean, level place to begin the assembly of your Billiard Table. The table will be assembled upside down and then turned over on its legs once the assembly is completed

Step.2

Remove all the parts from the box and verify that you have all of the parts as shown on the parts list above. Carefully cut or tear the four corners of the box so that the bottom of the box can be used as your work surface.

Step.3

Place the pre-assembled Main Cabinet (#1) face down in your work area.

Attach four Legs (#2, #3, #4, #5) to the Main cabinet (#1) using one Bolt (#9), four Washers(#11), one Lock Nut (#13) and one Wing Bolt (#10) per Leg. **NOTE:**The Bolts (#9) go through the Washer (#11), then the apron of Main cabinet (#1), and then into the Washer (#11), through the Leg and then into the Lock Nut (#13).

Step.4

Attach the End Leg Braces (#6) to the Legs using two Screws (#12) per Leg.

Step.5. Lift the table assembly from the floor with at least two strong adults, turn it over, and set the table assembly on its legs in the location where you play.

CAUTION: Two strong adults are recommended to turn the table over as shown.

1. Lift the table off the ground.
2. Turn the table over.
3. Place it on all four feet at the same time on the ground.

Step.6.

Attach the Knob (#25) to the Cover of Storage Box (#7) as shown in Fig.3A

Attach Storage Box (#7) to Legs (#2 and #3) using Bolt (#16) and Washer (#11).

Attach the two Wheels (#23) to the Leg (#2) using one Bolt (#17), four Washers (#11) and one Lock Nut (#13) as shown in Fig .3 and 3B. Repeat the same for the Leg (#3).

Step.7.

To fold the table, loosen the Wing Bolts (#10) on both sides of the table, fold the legs into the cabinet.

IMPORTANT: Tighten the Wing Bolts after the table is in the upright position

WARNING:
Keep your distance from the Hockey Table while folding it up!

Step.8.

Mount the folded table to the wall with Expansion Anchor Bolt (#24) and use Safety Straps (#8) to support the table to the wall.

CAUTION: When the table is put into the upright position, it must be stowed and secured properly to the wall using the safety straps as shown. Failure to properly secure the table to the wall when in the upright position can cause serious harm.

Step.9.

Moving your Play N Stow game from the storage position or to stow away should always be done by a strong adult. Check to be sure the wing bolts are still in the tightened position. Remove the safety straps. Slightly tip the table until you engage the wheels. Roll the table on the wheels to the desired location. Loosen the wing bolts on both sides of the table, unfold the legs and gently lower the table into the playing position. Now tighten the wing bolts and you are ready to play.

WARNING:

Exercise extreme caution when moving your Play N Stow game table! The table should only be moved by a strong adult when in the upright position. Be sure to secure the air powered hockey table to the wall by using both straps when storing.
