GAME RULES

How To Play

- The intent of this hook and ring game -- is to be fast paced with an opponent playing at the same time . The P5 small scoring barrel starts in the middle of the scoring ladder printed onto the base, and as a player makes a successful "HOOK" ' the scoring barrel is moved one slot on the scoring ladder in the direction of their opponent . A successful "HOOK" by the opponent moves the scoring barrel back one slot on the scoring ladder . A winner is determined when the scoring barrel is moved outside of one end of the scoring ladder .
- Optional Rules : The game can also be played at a slower pace by using simultaneous opponent play . Or, simple individual play .

Have fun !

CALIBRATION NOTE:

As a point of calibration between the Ring and the Hook --- the hook(s) can be unscrewed 2 to 3 turns to achieve the most correct play.
