

Bio-Snake®

Grease trap & drain treatment

This safe, non-toxic, biodegradable formula contains billions of bacteria that destroy malodors by eliminating their source and digesting waste naturally, feeding on fats, oils, and greases as well as solids.

Great for drains and traps

As a drain treatment, just pour down the drain. Do not flush after. In grease traps, it reduces BOD while digesting organic waste.

Versatile

Great for eliminating build-up and odors in grease traps, floor drains, around toilets and urinals, holding tanks, septic tanks, RV/camper toilets and more.

Description	Item Code
1 quart	BSLQ-F-000I012M-67
1 gallon	BSLG-F-000I004M-67
5 gallon pail	BSLP-F-000I001P-67
55 gallon drum	BSLD-F-000I001D-67

Grease trap treatment

Stop drain odors

Bio-Snake liquid consumes grease from drains and traps for less maintenance.

- Do **NOT** mix with other harsh chemicals such as bleach, which will kill the good bacteria in Bio-Snake and stop the bioactives' effectiveness on odors.
- Do **NOT** flush drains after treatment. Give the good bacteria time to multiply and consume the odor sources and eliminate foul smells.
- **CAN** also be used to clean organic messes such as blood, vomit, urine, and pet messes on grout, clothing, carpet, and more.

Trap Size	Daily Dose
< 40 L	100 ml
100-200 L	200 ml
300-500 L	300 ml
1,000 L	400 ml
2,000 L	500 ml

Drain Length	Daily Dose
< 15 m	150 ml
15-50 m	170 ml
50-75 m	200 ml
75 + m	300 ml
