PowerQuest TV3 Specifications

- Non-Sacrificial Surge Suppression
- Linear Differential Filter: 30kHz – 1GHz (more than 22dB)
- Extreme Voltage Shutdown: Automatically resets once incoming voltage is within a safe range.
- Micro-Spike Protection from the cumulative damage of small daily power spikes
- Catastrophic Protection from lightning strikes and large-scale power surges

PowerQuest PQ-415

Detachable AC Power Cable (36" / 0.9m)

- 14AWG | 15A RMS capacity; NEMA male plug and C-13 female plugs
- Semi-Solid Concentric Long-Grain Copper (LGC) Conductors
- Direction-Controlled Conductors ensure induced noise is properly dissipated and drained away from critical circuits

Also Includes:

- Power Cable Retention Cage
- Drywall-Mounting Hardware

POWERQUEST TV3	
Price	\$249.95
Outlets	3: 1 High-Current; 2 Linear Filtering
Weight & Dimensions	3.5lbs (1.59kg); 10" (254mm) W x 6.125" (155.58mm) H x 1.75" (44.45mm) D
Non-Sacrificial Surge Protection	Unlimited Joules; Withstands multiple strikes of 6000V or 3000A without damage
Extreme Voltage Shutdown	140v AC activates main circuit relay in under 0.25 seconds
Linear Differential Filter	30kHz–1GHz (more than 22dB)
Detachable Power Cable	PowerQuest PQ-415 AC Power Cable (36" / 0.9m) with 45/90 plug
Compact metal chassis with fixed installation mounts	Mounting kit included
