

Introducing Our NEW Shampoo Range

Oatmeal | Fleas & Lice | Medicated

covetrus®

Gentle on pets. Tough on problems.

Introducing three new veterinary-quality shampoos designed to cleanse, soothe, and protect. Whether your patients need relief from irritated skin, help managing fleas and lice, or support for skin infections — Covetrus Essentials has a solution.

Oatmeal Shampoo – Soothing and Nourishing

Formulated with colloidal oatmeal to gently cleanse and hydrate sensitive, dry, or itchy skin.

- ✓ Soap-free and pH-balanced
- ✓ Light, pleasant fragrance
- ✓ Suitable for regular use

Fleas & Lice Shampoo – Cleans and Controls

Formulated with pyrethrins to assist in the control of fleas, flea larvae and lice, while leaving the coat soft and clean.

- ✓ Helps break the flea life cycle
- ✓ Non-drying, gentle formula
- ✓ Ideal for use during flea outbreaks

Medicated Shampoo – Antifungal & Antibacterial Relief

Combines miconazole and chlorhexidine to help treat fungal and bacterial skin conditions, including dermatitis and seborrhoea.

- ✓ Targets common skin infections
- ✓ Helps reduce flaking, redness, and itch
- ✓ Veterinary-grade formula

Formulated for dogs and cats (12 weeks+)

- ✓ Easy-rinse, non-irritating formulas
- ✓ Pleasantly fragranced
- ✓ Matches leading veterinary brand standards
