

Micro Fusion 3000 Metered Aerosols

The 3,000 spray concentrated air freshening system

Universal actuator

Fits most existing dispensers avoiding any costly dispenser change outs when switching to Micro Fusion refills.

Eliminates odors

Contains Hygiezene which encapsulates and neutralizes odors. Freshens up to 6,000 cubic feet.

Each spray freshens longer

Fusion's smaller particle sizes stay in the air longer than competitive sprays with larger particles that fall quickly to the floor.

Environmentally friendly

Smaller cans, less packaging, same great 3000 spray performance. No VOCs or ozone-depleting ingredients.

Description	Item Code
 Cinnamon	MIC-F-000I024M-68
 Cucumber Melon	MIC-F-000I024M-02
 Linen Fresh	MIC-F-000I024M-71
 Mango	MIC-F-000I024M-75
 Mountain Peaks	MIC-F-000I024M-78
