Everything you need to make secure leak-proof PEX connections

5-Piece PEX Expansion Tool Kit with Case

Superior Tool's® 5-Piece PEX Expansion Kit is the tool you need for making quick leak-free connections in PEX A tubing. It comes complete with 3 expansion heads, lubricant grease and a large high-leverage expansion tool. It's simple to use – just follow the instructions to the right. All Superior Tools come with our lifetime warranty so you can trust this tool will be there today and tomorrow. Installing PEX is easy with the right tools and this one should be in every plumber's kit.

- Meets ASTM F1960 standard for secure connections
- Lightweight, high-leverage, aluminum expansion tool
- Specifically designed to work flawlessly with PEX A tubing
- Rugged construction for long life

Grease the tool head

Attach the proper sized tip

Put an expansion ring on and expand

Insert the connector and let the PEX contract
