

Minnesota **FATS**[®]

Congratulations on the purchase of your new DMI Sports
billiard table. Our products are designed and
manufactured to give you years of game playing enjoyment.

☒ *KEEP BOX AND PACKING MATERIAL UNTIL TABLE
HAS BEEN COMPLETELY ASSEMBLED.*

☒ *ALL DAMAGE MUST BE REPORTED TO DMI
WITHIN TEN DAYS OF RECEIPT.*

☒ *If you have any problems with your new product,*

PLEASE DO NOT RETURN IT TO THE STORE.

Please contact us:

1.800.399.4402

FAX: 215.283.9573

Please have your model number when inquiring about parts.

Or write to:

DMI Sports

Customer Service

375 Commerce Drive

Fort Washington PA, 19034

Please visit our web site at:

www.dmisports.com

When contacting DMI Sports, please provide your model number
and item number (if applicable) if requesting a replacement part.
Item numbers can be found inside this owners manual.

Your Model Number **MFT700-7.5**

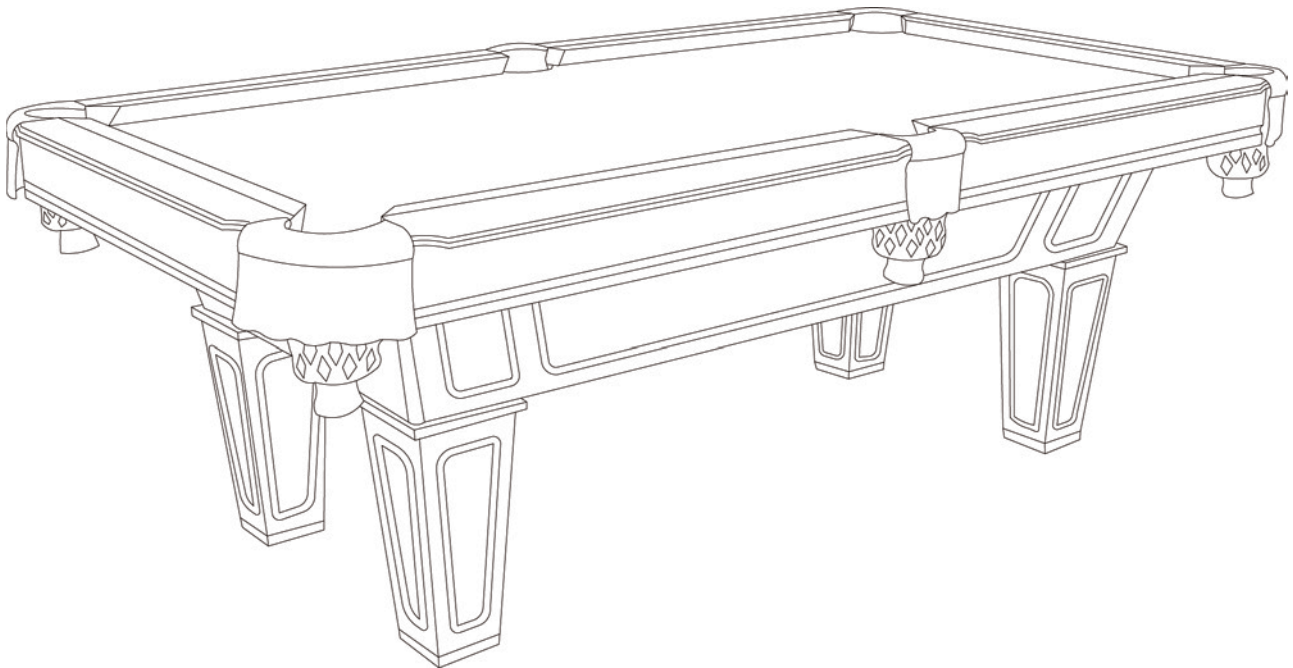

**Your model number is also located on the original carton. These instructions
are also available online at: www.dmisports.com.**

IMPORTANT!

Please Keep Your Instructions! (You will need your Model number should you need to contact us.) Before attempting assembly, please read through this instruction book to familiarize yourself with all the parts and assembly steps. We recommend that two adults assemble this table. Please refer to the Parts Identifier on the following page and be sure that all parts have been included. Although extremely rare, occasionally a part may be missing. If you are missing a part, or if you have any questions, please call our customer service department at 1.800.399.4402 Mon-Fri between the hours of 9:00am and 5:00pm E.S.T; or you can reach us at: www.dmisports.com.

Do not return the game to the store. Please contact us first at: 1.800.399.4402 or on our website at: www.dmisports.com.

TWO ADULTS ARE REQUIRED TO ASSEMBLE THIS BILLIARDS TABLE

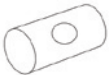

TOOLS REQUIRED FOR ASSEMBLY:

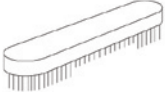

- Multi-Wrench- Included
- Phillips Head Screw Driver - Not Included
- Level recommended Not Included

P11	Qty. 4								
 Leg Rod RPMFT700-LROD									

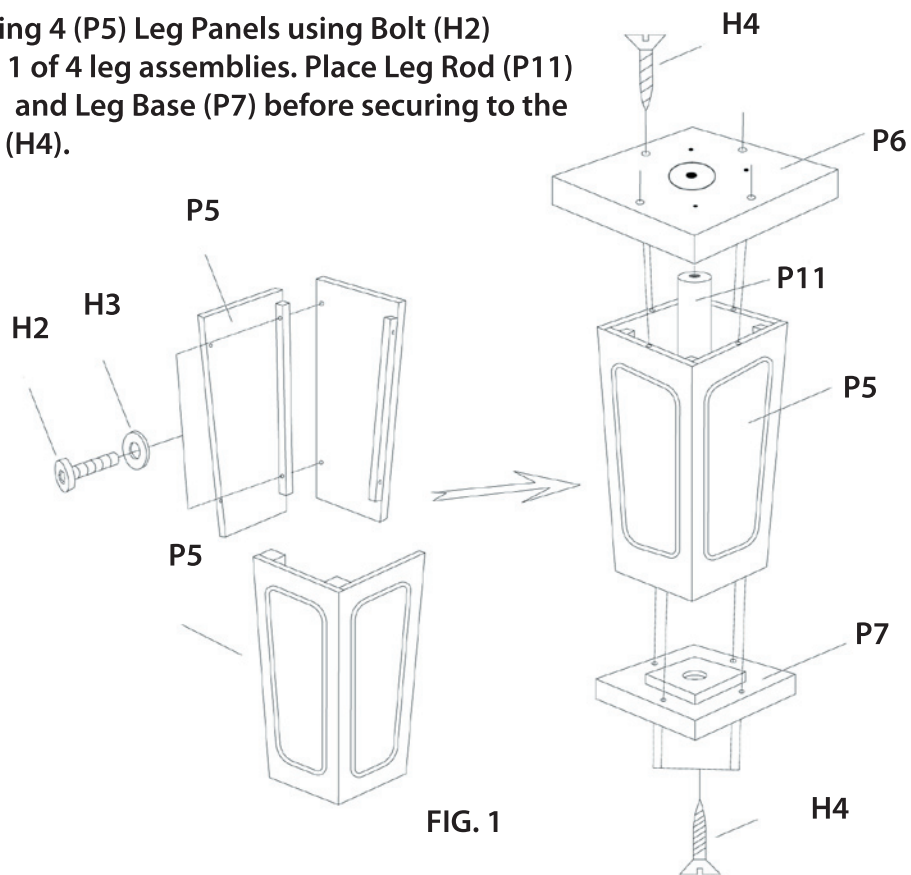

Note:

The assembly of this table is shown up-side-down. Please follow instructions based on the illustrations.

ASSEMBLY

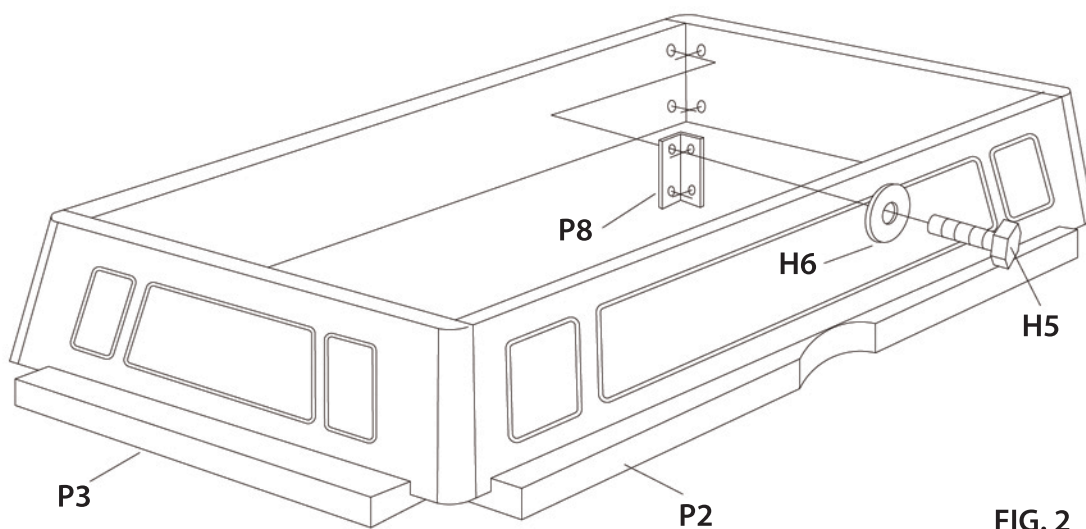

STEP 1.

Begin assembly by attaching 4 (P5) Leg Panels using Bolt (H2) and Washer (H3) to create 1 of 4 leg assemblies. Place Leg Rod (P11) between the Leg Top (P6) and Leg Base (P7) before securing to the leg assembly using Screw (H4).

STEP 2.

Align the End Panel (P3) with the Side Panel (P2) and attach using Large Angle Steel (P8), Bolt (H5) and Washer (H6).

STEP 3.

Once the end and side panels are assembled, attach the Leg Mounting Bracket (P9) between the panels using Bolt (H5) and Washer (H6).

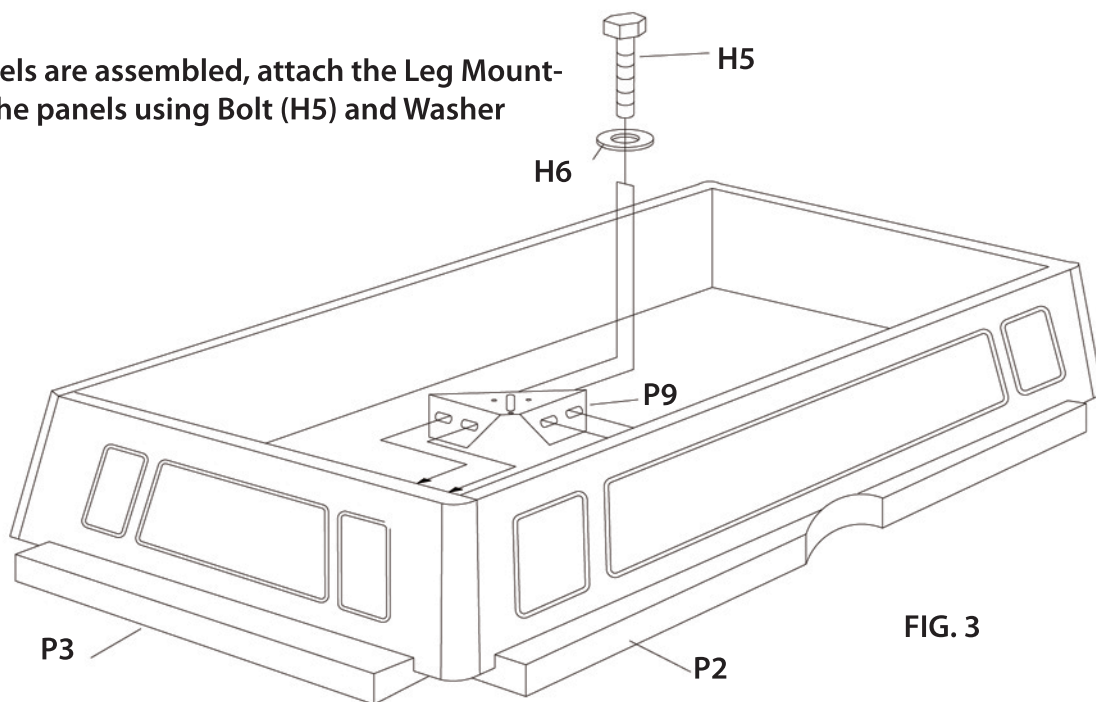

FIG. 3

STEP 4.

Attach leg assemblies to the leg mounting brackets using Bolt (H5) and Washer (H6). Make sure that the Bolt (H5) is tightly secured into the top of each leg. The 2" steel rod and steel brackets give this table much of its strength. With at least two adults, carefully lift and turn the table over onto its leg levelers.

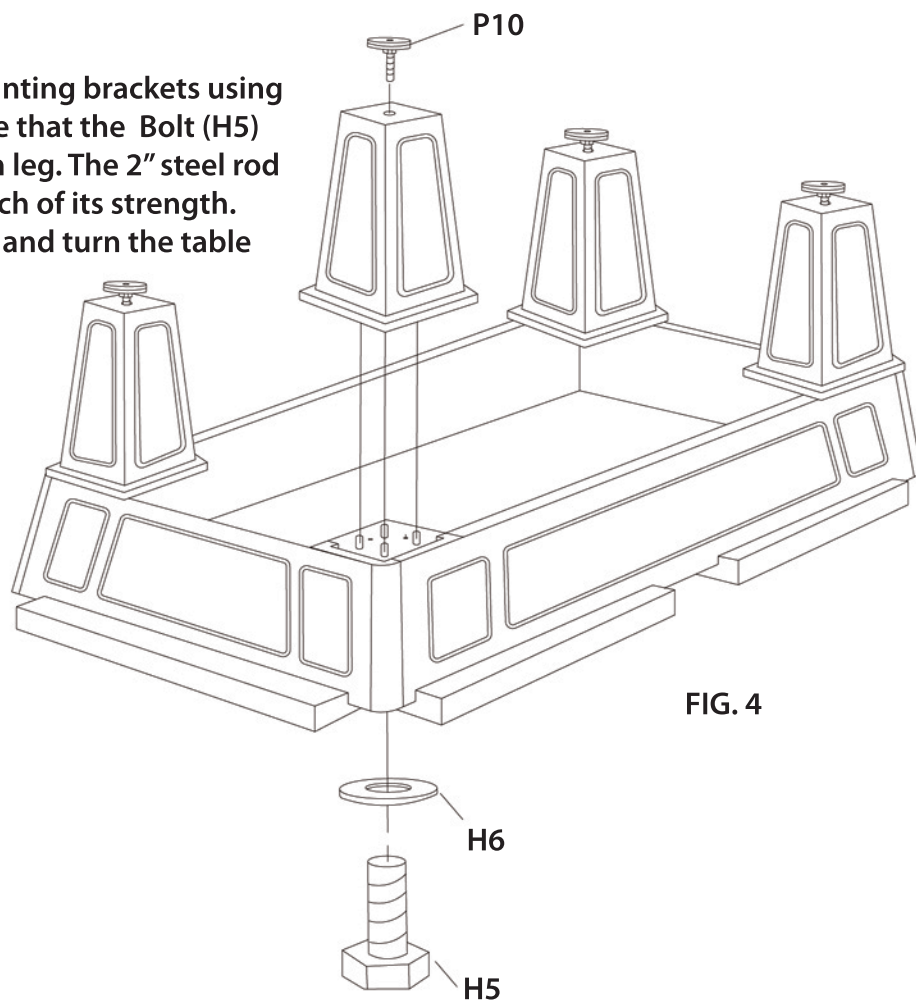

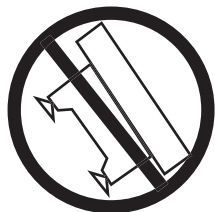

FIG. 4

IMPORTANT!

When turning the table over, be sure not to rest the weight of the table on the side of the legs. They will not hold the weight of the table.

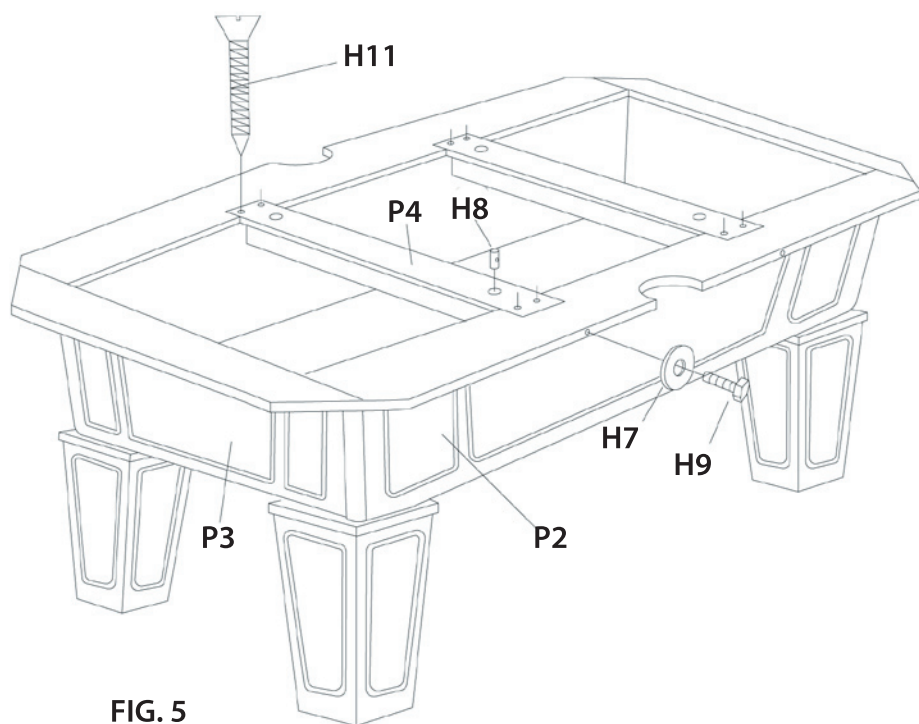

FIG. 5

STEP 5.

With two adults carefully turn your table over. Do not allow the full weight of the table to rest on the legs while turning the table over. Attach the Support Beams (P4) to the Side Panels (P2) using Screw (H11), Barrel Nuts (H8), Bolt (H9) and Washer (H7).

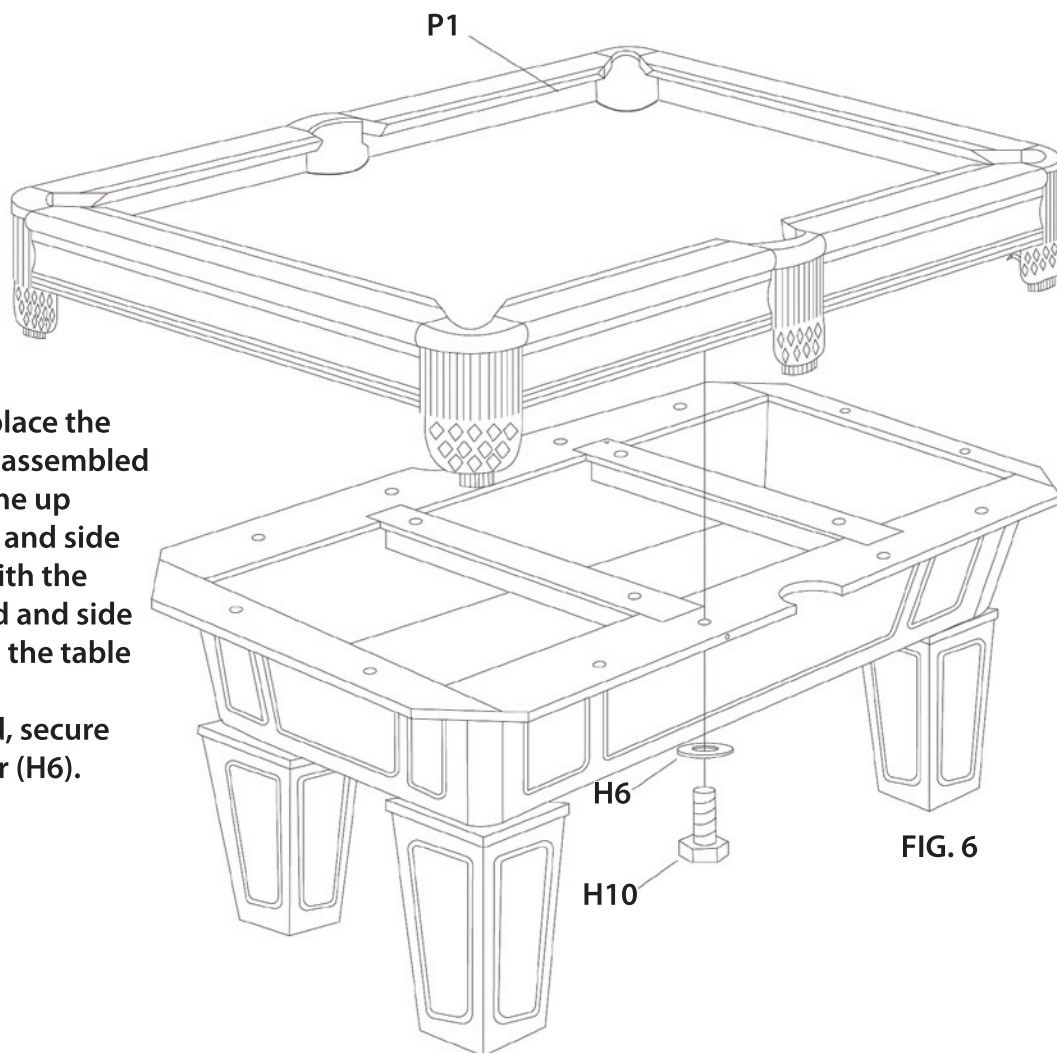

FIG. 6

STEP 6.

With two adults carefully place the Table Top (P1) upon of the assembled Main Cabinet. Be sure to line up the holes beneath the end and side rails of the main cabinet with the pre-drilled holes in the end and side panels already attached to the table assembly.

When the units are aligned, secure with Bolt (H10) and Washer (H6).

INSTRUCTIONS FOR LEVELING A POOL TABLE

- Assemble pool table according to the instructions, making sure levelers are screwed in completely, then turning one full turn out.
- Any type of level would be sufficient to perform this procedure. However, a two-foot level is recommended.
- Before leveling, make sure level is placed on the playing surface, not the rails.
- Level the ends between the corner pockets. Place the level on the playing surface between the two corner pockets and adjust the levelers in or out to position the bubble in the middle of the level.
- Repeat the step above to the opposite corner pockets.
- Next, level the length of the table. Place the level next to the side pocket and adjust the levelers in or out to position the bubble in the middle of the level.
- Repeat the step above to the opposite length of the table.
- Recheck both short ends to ensure bubble is in the middle on the level.
- Depending on the surface the pool table sits, especially deep pile carpeting, the pool table needs to settle for 24 hours. Recheck the level on each side of the table after 24 hours.
- These same instructions may be followed to level hockey and soccer table play surfaces as well.
