

INDOOR/OUTDOOR KIT

IOL38K / IOL50K / IOL62K / IOL74K

FEATURES

- **ACCESSORY TO CONVERT ANY OF THE SEE THRU LUXURIA™ SERIES TO AN INDOOR/OUTDOOR FIREPLACE**
- **THE FIRST TRUE INDOOR/OUTDOOR KIT BUILT FOR NORTHERN CLIMATES**
- **INDUSTRIES FIRST EVER THERMALLY ENGINEERED SOLUTION TO AN INDOOR/OUTDOOR FIREPLACE**
- **CLEANING TAKES ONLY ONE PERSON 15 MINUTES**
- Fibreglass construction allows expansion and contraction at the same rate as the glass pane, ensuring the integrity of the seals and gaskets are maintained
- Enjoy your Luxuria™ as a SEE THRU unit on an exterior wall of your home without any compromise to comfort, unwanted energy consumption or the need for power venting motors.
- Easy cleaning and serviceability while maintaining complete integrity of the building; insulation, vapor barrier, prevents air infiltration and minimizes noise transmission.
- The sealed viewing system provides a certified value of R5, that when combined with the Luxuria™ fireplace construction and glass guard system results in a total insulation value of almost R20!
