

Founded in 1992, Amethystos is produced by the Domaine Costa Lazaridi estate – crafting red, white and rosé wines from indigenous and international varieties in Drama, northeastern Greece.

1. **Innovative Winemaking & Blends:** Drama is known for innovative blends of international and native grape varieties. Our Amethystos wines are anchored by noble varieties – Cabernet Sauvignon, Merlot, Sauvignon Blanc and Cabernet Franc – and complemented by native varieties – Assyrtiko and Agiorgitiko – to create blends unlike any other region in the world.

2. **PGI Drama:** established in 1995, this Protected Geographical Indication is located in northeast Macedonia, Greece – a region with ideal soils, altitude and microclimates to grow grapes of exceptional quality across a wide range of international and native varieties.

3. **Food-Friendly Offerings:** well-known international varieties dominate each blend, offering consumers unique expressions of familiar grapes that pair well with a broad range of local and international cuisines.
