

2023 MADDALENA PASO ROBLES MERLOT

Region/Vintage Notes

The 2023 Maddalena Merlot comes from our estate vineyards in the El Pomar and Creston Districts in Paso Robles. Vineyard lots are fermented separately to preserve the individual flavors and terroir of each parcel of land, allowing the true expression of the soil and climate to shine through. The 2023 growing season started off smooth, with high heat going into the summer extending the hang time of the grapes, leading to an unusually long harvest and an outstanding vintage.

Winemaker/Tasting Notes

The 2023 Maddalena Merlot fills your glass with aromas of ripe fruit flavors of plum and raspberry, followed by hints of oak spice, vanilla, and anise. The palate is greeted with rich fruit flavors while soft tannins coat the mouth. After fermentation, wines are aged in neutral barrels. Careful blending creates the greatest degree of complexity and ensures consistency of style from vintage to vintage.

Sustainability

Sustainability is a top priority at Maddalena. Our estate vineyards are certified sustainable by the rigorous California Sustainable Wine Alliance (CSWA). At our Paso Robles winery, solar panels provide 100% of the needed electricity, and wastewater is effectively reclaimed and recycled for additional use.
