INTRODUCING – **WHITE OAK RYE**

COMING SEPTEMBER 2025

- **WHITE OAK RYE** is the third release in the ongoing Oak Series from 2XO, meaning Two Times Oak. Master Blender, Dixon Dedman, will custom blend to match the profile of each batch for consistent taste.
- The Oak Series is an everyday offering, and the liquid profiles will stay the same year-over-year.
- Innovative double oak technique where Dixon introduces additional charred American White oak to straight rye whiskey barrels with a 95% rye mash bill.
- He intensifies the maturation process by creating more surface area for the liquid in the barrels to interact with the new charred American White oak, elevating the combination of flavors.

Notes of pine, mint, cedar and peppery spice, balanced with sweeter barrel notes from the additional charred white oak introduced towards the end of maturation.
