ANTI-SLIP TAPE

DESCRIPTION

Heavy duty product engineered to provide a durable, non-slip surface. This Anti-Slip Tape features a PVC Film Coated with Mineral Particles that offers long-lasting slip resistance with an easy release liner, making it an essential safety solution in various environments, including Construction, OEM and Agricultural worksites, fitness facilities, and many more.

MAIN FEATURES

- Extra durable and reliable over time
- Improves safety and minimizes accidents in worksites
- Delivers high traction on frequently-used surfaces such as floors, steps, pedal and more
- Resists to solvent such as oil, diesel fuel, mud and chemicals found in extreme OEM environments
- CA Prop 65

APPLICATIONS

- Designed to be applied indoor and outdoor on frequently used surfaces such as floors, steps, pedals, and more. It can also be used to improve safety at work, home, and for recreation.
