Domaine Costa Lazaridi

A PIONEERING PRODUCER IN GREECE

Founded in 1979, Domaine Costa Lazaridi produces red, white and rosé wines from indigenous and international varieties on 280 hectares of vineyards in Drama - located in northeastern Greece.

- 1 Pioneer Costa Lazaridis:** Costa Lazaridis planted the first modern linear vineyard in Drama in 1979 - in Xiropotamos on the slopes of Mount Falakro. He believed deeply that his homeland could produce high quality wines - planting the seeds that inspired the rebirth of wine cultivation in Drama.
- 2 PGI Drama:** established in 1995, Drama is located in northeast Macedonia, Greece - a region with ideal microclimates for many international and local varieties. The Mediterranean climate is moderated by the high elevation of the vineyards - from 200 to 950 meters above sea level.
- 3 Bright, Fresh Style:** Drama is known for its focus on innovative winemaking techniques and blends, combining international grape varieties - like Merlot and Grenache - with native grape varieties - like Agiorgitiko, Vidiano and Malagousia. These wines are round and full - with refreshing acidity and fresh fruit flavors.
