

RIVA DE LA ROSA

2023 VERDICCHIO di MATELICA

ABOUT RIVA DE LA ROSA

Riva de la Rosa is a collection of approachable and easy-to-drink white wines showcasing unique key wine regions across Italy. Named for the roses planted to watch over the vineyards, Riva de la Rosa, or "Shore of the Rose," pays tribute to this ancient land. The powerful coastal influences are evident in each regional vineyard, with sea breezes and mineral-rich soils providing incredible salinity to the wines. The resulting wines are crisp, refreshing and energetic, reflecting the magic of Italy in every sip.

TERROIR

The Alta Valle Esina in the Apennine Mountains provides a range of microclimates ideal for Verdicchio; the moderate climate and temperature from the Adriatic Sea provides rich aromas with balanced acidity. Our Verdicchio is a beautiful representation of this light, refreshing wine from the Marche region.

WINEMAKING

To make our Verdicchio, we cover the grapes with carbonated snow to keep the oxygen out during production to retain the crisp flavors and follow that with a gentle press and thermo-conditioned fermentation after filtering the juice.

TASTING PROFILE

Verdicchio wines from Matelica typically exhibit citrus fruit flavors such as lemon and grapefruit, along with green apple and honey notes. They often have a distinct minerality, which adds complexity to the wine. This wine is classified as DOC (Denominazione di Origine Controllata) which is a testament to the quality standards and geographical origin.

WINE & FOOD PAIRING

Fish, Marcona almonds, Prosciutto, quiche and savory souffles.

DESIGNATION/APELLATION

DOC Verdicchio di Matelica

GRAPE VARIETY

100% Verdicchio
