

Take Down Limbs

Years ahead of their time, Fred Bear's Take Down Limbs brought the industry a new technology and superior performance. Today, these Take Down Limbs are constructed of layered hard rock maple and black fiberglass, and handcrafted tips that are reinforced with black and white fiberglass to accommodate modern strings. For 2022, Take Down Limbs are available in three lengths: #1, #2, and #3 limbs. The #1 limbs will make a 56" bow on an A-Riser and a 60" bow with a B-Riser. The #2 limbs will make a 58" bow on an A-Riser and a 62" bow with a B-Riser. And the #3 limbs will make a 60" bow on an A-Riser and a 64" bow with a B-Riser.
