**REV1X® SERIES**

Rawlings® continues to revolutionize the glove game with its latest additions to the REV1X® series. These gloves feature a sublimated polyester back design encapsulated in molded TPU yielding an unrivaled cosmetic look with ultimate durability. The lace-less web, palm and heel provide a smooth fielding surface that allows for an easier ball transfer from glove to hand. Additionally, REV1X® gloves are constructed with molded pinky and thumb pads which add stiffness to the fingertips that's maintained throughout the glove's life cycle. To ensure an optimal fit compared to traditional models, REV1X® gloves utilize an innovative adaptive wrist technology to accommodate a wide range of wrist sizes.

R100-UP™

ULTIMATE PRACTICE TECHNOLOGY™

Practice longer with a ball that's strong enough to keep up with you. The Rawlings® Ultimate Practice Baseball™ is designed to have a game-like feel, but last through hit after hit after hit—no matter the field conditions.

Balls tested at 100 miles per hour against a steel plate for 400 impacts. Compression measured after every 80 impacts. Compression refers to the pounds of force (lbs) necessary to compress the ball ¼ inch.

ADDED LIFESPAN

3X more durable than a traditional baseball.

WEATHER RESISTANT

Molded cover minimizes weight gain due to moisture.

EASIER TO CLEAN

Hard non-porous surface makes it much easier to clean than a traditional sewn baseball

FSR100-UP
