Date Code Note:
Any print color inside code date void area must be maximum 50% grayscale. No text, graphic images, or photos. Any printed patterns or textures inside the code date area must have a maximum contrast of 30% between the colors/values. Consult project lead with any questions to ensure visibility based on production facility.

H2R Note:
H2R holdout area shall be registered left of code date void. H2R sizing must follow most current H2R guidelines. Project leader to provide correct label based on region and packaging substrate. H2R label to be Classic or Classic on Dark style based ink color in H2R holdout area to ensure visibility.

UPC Note:
UPC Holdout area shall be registered to the right of Code Date Void. Refer to print direction and barcode scaling notes for UPC facing and size requirements. UPC may be placed in another appropriate area if dictated by graphics needs and approved by project team.
