Application

Flush Mount Frames are designed for use with the Enviroline Wall-Mount Enclosures, quickly converting the wall mount enclosure to a flush mount enclosure. Two part numbers are required to complete the assembly, one part number for the height of the enclosure and one part number for the width of the enclosure. All kits are furnished with stainless steel screws and sealing washers to assemble the frame to the enclosure and maintain the environmental rating of the enclosure. Frame is made of heavy gauge 316/316L stainless steel.
